PROFESSIONAL TRAINING SEMINAR

"Performance +"

Socio-Economic
Approach to Management
Techniques and tools required
to successfully implement
change management projects

7

This training program is valuable for directors and managers of small to medium-size businesses and large-scale companies, auditors-accountants, quality managers, internal and external consultants, and OD practitioners.

Objectives

It offers the acquisition of methods and tools for flexible and customized *socio-economic management* to initiate and conduct change and innovation in organizations, in order to overcome the evolving environment challenges. ISEOR-SEAM method was developed through extensive R&D programs on management.

SEAM method has been experimented in more than 1,800 companies and organizations ranging from SMEs to MNCs in a variety of industries and geographical locations (40 countries on 4 continents). Hidden costs stemming from dysfunctions range from €20,000 to €70,000 per year per capita.

Training sessions

2 four-day training sessions. It is possible to start the seminar either in January or June, and attend the following session as a loop schedule.

Forthcoming sessions:

- 16 - 17 - 20 & 21 october 2017. With the Autumn ISEOR's Conference 18 & 19 october 2017.
- 4 - 5 - 6 and 9 June, 2018. In addition, participants are invited at the Iseor and Academy of Management Conference on 7 & 8 june, 2018.
